Technical Rules and Regulations of ABF, a.s. – Order of Stand Rental and Technical Services at the DEKEXPO 27 Trade Fair

DEKEXPO27

PVA EXPO PRAHA, 26.–28. 1. 2027

1a

Technical Production: ABF, a.s., with its registered office at Beranových 667, 199 00 Prague 9 – Letňany, Company ID (IČO): 63080575 (hereinafter referred to as „ABF")

Exhibitor: Legal or natural person that has placed a binding order with ABF for the provision of technical services

Event Location: PVA EXPO PRAHA, Praha 9 – Letňany, Beranových 667 (hereinafter referred to as the „PVA EXPO")

Article 1 – Technical Service Orders

1.1. A basic condition for the provision of technical services is the delivery of a duly completed and signed order form: Order forms for stand construction, technical services, and other services (hereinafter referred to as the „**Binding Order**") in electronic or written form. The Binding Order may be signed with a handwritten signature or electronically via means that allow for the identification of the signing person. An electronic signature made in this manner is considered a proper signature of the person authorized to act on behalf of the exhibitor and has the same legal effect as a handwritten signature. Upon receipt of the Binding Order, ABF shall send the exhibitor confirmation of its acceptance in written or electronic form.

1.2. Upon receiving the Binding Order, ABF will send the exhibitor a proforma invoice for the requested services.
Settlement of this proforma invoice is a required condition for the execution of the ordered technical services.
The final invoice, offsetting prepaid amounts, shall be dispatched following the end of the exhibition.

Article 2 – Technical Services

Upon receipt of the exhibitor's Binding Order, utilities including electricity supply, water and drainage connections, internet access, cleaning, and other ancillary services can be provided to all indoor and outdoor exhibition stands. Power, water, waste, and internet connection points are routed from floor ducts, as indicated on the floor plan grid depicting the exhibitor's booth location.

a) Electrical Power Supply Orders

The connected load requested by the exhibitor for the booth must cover the total power consumption of all electrical devices in the exhibit—including lighting, hot plates, coffee machines, kettles, water heaters, PCs, AV equipment, and working exhibits. For guidance when placing your order: 9 m² booth lighting approx. 0.5 kW, kitchenette unit approx. 3.5 kW, filter coffee machine approx. 0.8–1.2 kW, electric kettle approx. 2 kW, two-burner cooktop approx. 2 kW. These values are estimates only; actual power requirements depend on your specific equipment.

The contractor constructing the stand is responsible for providing the electrical inspection certificate (revision report). Non-compliant electrical setups will not be energized, without liability or refund to the exhibitor.

PLEASE NOTE: If you operate a refrigerator, we strongly advise ordering a dedicated 24-hour refrigerator circuit (max. load 0.4 kW) that remains powered overnight. This continuous supply circuit can only be booked alongside a main electrical connection (minimum 2 kW).

b) Water Supply and Drainage Orders

The standard connection of a sink—attaching a standard mixing tap to the shut-off valve and connecting a standard siphon drain via a 5/4" hose—is included in the cost of the „water and waste connection". Sink hire is not included in the water supply and drainage fee. Any additional plumbing work going beyond the standard sink connection will be billed at CZK 650 per hour (charged per each commenced hour). Payment for these additional services is due in cash at the Trade Fair Exhibitor Desk..

c) Flue pipes – Hall 5,2: Wall penetration diameter: 30 cm, height of the opening center from the floor: 324 cm, distance from the stand to the hall wall: approx. 1 m. Detailed description in the installation conditions. Without approval from the PVA fire safety technician, the flue pipe cannot be used!!!

d) Daily Cleaning Services include once-daily vacuuming of the exhibitor's stand carpet and trash bin emptying upon completion of the exhibition day (during evening hours) or, upon special request, in the morning prior to show opening. Any extra requests exceeding this standard scope will be invoiced to the exhibitor as additional charges..

e) One-off Stand Cleaning – post-assembly cleaning prior to show launch. Includes stripping protective carpet film, carpet vacuuming, and trash removal.

f) Additional Services

ABF can arrange the following services for exhibitors upon payment: routine booth cleaning, freight forwarding and customs clearance, insurance coverage, hostesses and interpreters, promotional and photography services, graphic production, accommodation, and catering.

g) Internet Connectivity

Wired connectivity is delivered via an Ethernet port supporting 10/100/1000 MBit/s local network speeds.

The equipment to be connected must be equipped with an Ethernet 10/100/1000 MBit/s network card featuring an RJ-45 port. Standard bandwidth is 5 MBit/s. This connection type is strongly recommended where line stability is critical.

Upon joining the network device network settings must be set to automatically acquire an IP address via DHCP. To activate internet access, users must open a web browser and input a unique access code, which is handed out at the technical service desk during exhibitor registration.

Connecting hardware that lacks browser access or UI input capability (such as POS payment terminals, hardware routers, etc.) requires booking the supplementary „Device Configuration Service".

The Device Configuration Service covers network setup on the device's WAN interface to enable internet connectivity. It does not cover end-to-end device setup, LAN configuration.

Standard pricing covers one connected device per line across both connectivity options. Operating multiple endpoints requires adding a hardware router alongside the mandatory Device Configuration Service, allowing unlimited connected devices. Line speed under the Device Configuration Service increases to 10 MBit/s. Re-entering a unique access code on a new client device automatically logs off the active session on the previous device, making access codes fully transferable.

Exhibitors booking a dedicated wired LAN drop can order additional device access passes at a reduced fee. Internet connectivity is fully commissioned and live by 18:00 on the day prior to the event opening.

During official exhibition operating hours, a Service Level Agreement (SLA) of 98% uptime applies. Should ABF breach this SLA, the exhibitor shall be eligible for a pro-rata refund of the internet connection charge. ABF disclaims all liability for direct, indirect, or consequential damages arising from any partial or full service outage. ABF assumes no responsibility for any unauthorized access or misuse occurring via the provided connection. Customized speed profiles must be arranged directly with ABF. Exhibitors remain solely responsible for safeguarding connected hardware against viruses, spyware, adware, and other malicious software. If malware is detected on an exhibitor's system, ABF reserves the right to suspend connection access immediately without refund or indemnity until the threat is remediated.

To avoid RF interference across the PVA EXPO Venue, deployment of private Wi-Fi access points or routers is strictly forbidden; essential operational exceptions require technical review and written approval by an ABF engineer. Running a DHCP server on the WAN interface of any connected equipment is strictly prohibited.

Article 3 – Stand Construction

3.1. Upon receipt of the Binding Order, ABF shall arrange for the construction of the exhibitor's indoor booth on a rental basis.

3.2. For indoor exhibit areas, ABF provides rental services for both standard turn-key packages and custom-built display stands tailored to the exhibitor's specific needs, alongside options for furniture and equipment hire.

Article 4 – Further Terms and Conditions

4.1. All late orders for technical services and ancillary provisions requested after the technical deadline are subject to a surcharge of up to 30% on top of the standard fee if placed 7 calendar days or fewer prior to the start of stand setup, and up to a 100% surcharge if submitted during the build-up period. Late requests submitted during build-up will be handled strictly after fulfilling all advance, properly registered orders from other exhibitors. ABF reserves the right to reject late service orders if fulfillment is impossible due to capacity, technical, or logistical constraints..

4.2. Cancellation Charges
Should the exhibitor cancel the Binding Order, in whole or in part, within 30 calendar days or fewer preceding the opening of the exhibition, the exhibitor shall pay a contractual penalty (cancellation fee) amounting to 100% of the total cost of the cancelled services.

These Technical Terms and Conditions form an integral part of the order: Order Forms for Stand Construction, Technical Services, and Other Services.

Technical Services Order Form

DEKEXPO27

PVA EXPO PRAGUE, 26–28 January 2027

Deadline for submission of orders: November 2026

3

Exhibitor (Company name): _____

All services not marked will be automatically considered as NOT ORDERED.

Order of power supply

(Price per one inlet, mark those requested with ☒)

Power supply of 230 V – L + N + PE (1 phase + neutral + grounding)

	indoor area	outdoor area
up to **2 kW** – 1 socket	☐ 5 500 CZK	☐ 5 900 CZK
up to **3 kW** – 1 socket	☐ 6 600 CZK	☐ 7 100 CZK
up to **5 kW/230** – 2 sockets 2 kW + 3 kW (10 A and 16 A)	☐ 8 200 CZK	☐ 8 900 CZK
up to **6 kW/230** – 2 sockets 3 kW + 3 kW (16 A a 16 A)	☐ 8 800 CZK	☐ 9 700 CZK

Power supply of 400 V – 3L + N + PE (3 phases + neutral + grounding)

	indoor area	outdoor area
up to **9 kW** – 32 A socket	☐ 11 000 CZK	☐ 11 800 CZK
up to **15 kW** – 32 A socket	☐ 15 900 CZK	☐ 18 200 CZK
up to **21 kW** – 32 A socket	☐ 19 200 CZK	☐ 20 800 CZK
up to **40 kW** – 63 A socket	☐ 34 000 CZK	☐ 37 000 CZK

Price per one power inlet includes electric inspection

Circuit breaker type

☐ **B – standardní** ☐ **C** 500 CZK ☐ **D** 1 000 CZK

All connections are installed using a residual-current device

Other types of connection must be discussed beforehand with the technical department of ABF, a.s.

Non-stop power supply – over 2 kW

30% surcharge to the price of the ordered power supply

we hereby order the ☐ kW supply to run non-stop

Ceiling supply to the illumination ramp

or any vertical routing of the inlet to the stand from the hall roof structure
(Top inlet can only be ordered with the electrical connection line min. 2 kW)

☐ 800 CZK

Lending of a power switchboard

(same price for both indoor and outdoor areas)

Switch board for power supply 9-21 kW / 400V ☐ 2 000 CZK

24h power supply for the fridge

The refrigerator circuit (with an input of up to 0.4 kW) can only be ordered together with a connection of min. 2 kW.
Examples of use: refrigerator, aquarium

indoor area	outdoor area
☐ 800 CZK	☐ 1 000 CZK

Order of rigging Points

Price Based on Individual Calculation ☐ YES

Order of connection to the Internet

Fixed cable connection (RJ45)

1x connection (the first one)	☐ 2 500 CZK
Number of additional connections	☐ 700 CZK
Static IP address	☐ 1 000 CZK

Water and waste water connection

(The same price for both indoor and outdoor areas)

Number of connections lines ☐ 5 000 CZK

Order of swimming pool water filling (including drainage)

(The same price for both indoor and outdoor areas)

A one-off amount charged plus 250 CZK for each m^3	☐ 1 200 CZK
Number of m^3	☐ 250 CZK

Order of Flue Pipe Connection for Hall 5, 2

The price includes activation and accessibility of the corresponding opening in the hall cladding, installation of the cladding penetration sleeve, and execution of the required inspection by the PVA fire safety technician (all of the above to be performed exclusively by PVA staff)

Flue Pipe ☐ 5 000 CZK

Compressed air inlet

6 bar compressed air inlet to 1 expositioni	☐ 7 500 CZK
Number of Y-branches	☐ 3 500 CZK
Assurance of constant pressure on an individual branch line	☐ 1 000 CZK
Consumption in liters	☐

Order of Waste Disposal Containers During Dismantling

1,100 Liter Volume	☐ 800 CZK
9 m^3 Volume	☐ 8 000 CZK

Order of cleaning services

Daily cleaning – number of m^2 (Includes one-time cleaning))	☐ 50 CZK/m^2/akce
One-time cleaning – number of m^2 ((Includes: removing the cover film from the carpet, vacuuming or wiping the floor, emptying of waste basket)	☐ 20 CZK/m^2

All prices are given without VAT.

Order of Individually Designed Stands for Indoor Area

DEKEXPO27

PVA EXPO PRAGUE, 26–28 January 2027

Deadline for submission of orders: November 2026

5

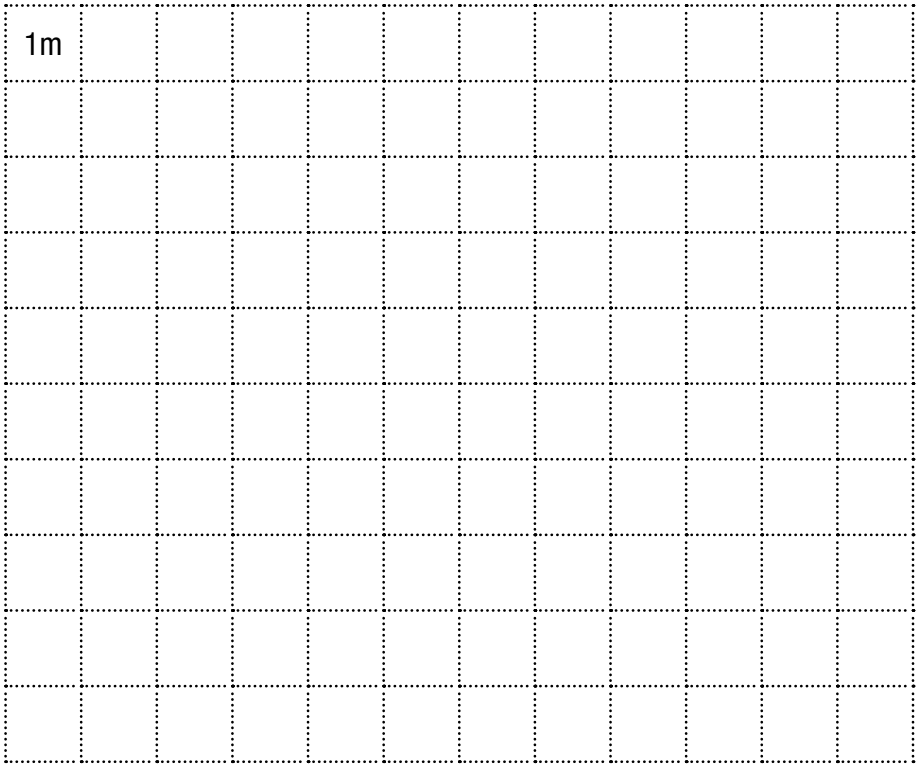

Exhibitor (Company name): _____

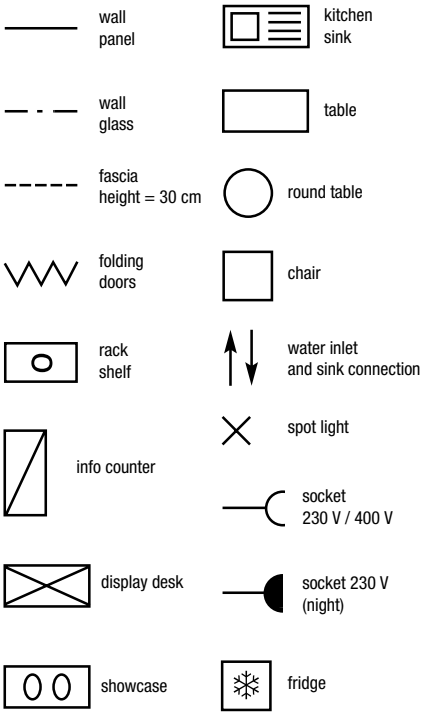

We bindingly order the construction of the individually designed stand, dimensions: _____ m x _____ m

☐ **Only external walls – Octanorm System – 770 Kč/ linear metre**
The construction includes only external walls, laterals, without wall-to-wall ceiling raster system of the construction
Nothing can be hung on the perimeter walls without prior approval!

☐ **Atypical individual stand – Octanorm System – 990 CZK/sq.m**
The construction includes perimeter walls, ceiling raster system, stand fascia of height of 30 cm on the front side

Sketch of the ground plan of your stand
Mark your idea of the ground plan of your stand in this raster. Use the graphic symbols provided herein for the scheme of every single building and equipment component.

We order the following additional elements of the modular system above the framework of the basic construction:

Item	CZK/unit, VAT exclusive	Number
carpet – grey (CZK/1 sq.m)	190	
carpet of any other colour (CZK/1 sq.m), please state the colour:	220	
lockable folding door (1 m)	1 300	
white lower ceiling (CZK/1 sq.m)	250	
textile lower ceiling (CZK/1 sq.m)	120	
grid-type lower ceiling (CZK/1 sq.m)	400	
self-standing panel 100 x 250 cm (with a support and a fascia)	1 500	

For the Order of furniture and other equipment see page 4..

All prices are given without VAT..

AV EQUIPMENT

Elseya s.r.o. offers exhibitors comprehensive technical support for trade fair stands and accompanying presentations. We have extensive experience in executing conferences, congresses, trade fairs, and corporate events across the Czech Republic and internationally.

We are pleased to provide exhibitors with:

- Sound systems for stands and presentation zones
- LED screens, LED posters, monitors, projectors, and projection screens of various sizes
- Lighting for exhibition stands and product presentations
- Equipment for lectures, workshops, and press conferences
- Microphones, conferencing, and interpretation systems
- Live streaming and online broadcasts from the trade fair
- Video recording, photography services, and post-production
- Full technical support and operation throughout the entire event
- Custom technical design tailored to the exhibitor's needs and budget
- Accompanying program / Side events (upon request)

Thanks to our in-house technical facilities and experienced team, we can handle everything from simple booth equipment to professional audiovisual presentations that help exhibitors engage visitors and maximize the impact of their participation.

CATERING

We are the exclusive catering services provider for the PVA EXPO Prague venue.
We always listen to our client's needs and can tailor every event not only to the number of guests, but also to the chosen style or theme.
Corporate events: From smaller business meetings, breakfasts, and coffee breaks to teambuildings, conferences, and training sessions, all the way to large corporate events and Christmas parties.

Exhibitor Catering: At PVA EXPO PRAGUE, we provide exhibitors with complete catering services, including food and beverage delivery directly to their stands. Orders are placed online via the lunchdrive.cz system, and upon request, we also provide customized catering with tableware, furniture, and professional personnel.

Tailor-Made Catering: From classic open-faced sandwiches (chlebíčky) and schnitzels to fine dining, sushi, or oysters. We always customize the menu composition to the client's requirements and budget.

Coffee Breaks: We provide complete coffee services, coffee machine rentals, fresh coffee, and professional baristas.

Mobile Bars & Food Trucks: A great solution for outdoor events, festivals, garden parties, or corporate open days where guests appreciate a relaxed atmosphere.
